

Maestro High-Density Stack Chair

The Maestro® stack chair was made for areas that require high-density, movable seating. These versatile chairs can be set up, rearranged, stacked, moved and stored for nearly any application.

Key Features

- A Integral Handle**
An integrated handle in the seat back allows for easy lifting, moving, and stacking.
- B Glides**
Ganging and non-ganging glides keep rows of chairs neat. A variety of glide options suit any floor type.
- C Stacking**
Chairs stack 10-high on floor and 38-high on dolly. Dolly can be ordered separately for ease of transport and storage.
